New Premises! 74 Patiki Road, Avondale, Auckland

WE ARE NOW OPERATING FROM
74 PATIKI ROAD, AVONDALE, AUCKLAND

We are excited to have moved into our new premises! We now have a warehouse which is something new to Stormwater Systems. The warehouse helps us to cope with the dramatically increased volume of pods, pits, pipes, and pumps. Due to the uncertainty with freight and our rapid growth, we are now holding six months worth of stock to ensure we can service you!

We are still in the process of setting up our showroom and are excited to open it to the public once it's finished!

Find Us on Google Maps!

Project Manager of the Month!

We think it is important to reward hardworking people with great attitudes. We are excited to announce this month's 'Project Manager of the Month' award winner!

This month, Jason from Universal Homes has been recognized for his great communication and organisation of his project in Westhills. He is greatly appreciated by our team. Thank you Jason for everything you do! We look forward to the next projects with him and Universal Homes!

Fancy winning yourself \$100 Prezzy gift card?

Check out our newsletter next month to see if you are our lucky winner!

Keel St - Long Bay

We recently installed 20 x 250L Aquacomb pods in a project for Signature Homes in Long Bay. Their client now has 5,000L of Aquacomb water storage for re-use in their laundry, toilet, and outdoor use such as watering the gardens and washing the car.

The tight space on this site meant there was very little space for an above-ground solution and the client doesn't have an ugly water tank taking up precious space.

Aquacomb has saved the day yet again by being the faster, cheaper and best solution for tight sites.

New Territory Manager - Alex Mallett

We are pleased to welcome our new staff member, Alex Mallett, to our rapidly growing team this week! Alex is our new North & West Auckland Territory Manager. A plumber by trade, Alex is your go-to stormwater expert so be sure to contact him if you have a project coming up in that area!

021 867 575 | alex@stormwatersystems.co.nz

We are excited to have Alex join us and know he will be warmly welcomed by our clients!

Stonewood Expo 2021

STONEWOOD
HOMES

Andrew & Simon had a great time at the Stonewood Homes Expo last week! It was an awesome opportunity to showcase our new extended tank range. We are looking forward to seeing the relationships we will develop from it - thanks Stonewood!

Check out our water tanks now!

Plug N Play Pump Manufacturing

Our new warehouse is up and running with a station devoted to pump manufacturing!

Peter, our Manufacturing and Pump Manager builds our own Plug N Play pump systems that feature an automatic switch over to mains in case of low water level or power loss and a testable backflow preventer with gate valves. They are one of the quickest and easiest water pumps on the market!
